- To help customers when asked and answer any queries they may have.
- To face forward (to bring stock from the back of a shelf to the front).
- To work alone or help others in teams.
- To use the RF gun for scanning barcodes.

Hobbies/Interests

Shotokan Karate

I have been doing karate for over 5 years now and have reached the grade of Nidan (2nd Dan black belt). This required a high level of dedication and motivation to be able to reach 2nd Dan. I have gained discipline and team leader skills from this. I have also taught other students, who were both older and younger than myself.

Badminton

During my time at university I joined universal sports badminton club.
